Coordinator of the Pastors for Peace

Friendshipment Caravan to Cuba

Since 1992, Pastors for Peace Friendshipment Caravans to Cuba have called international attention to the cruel and immoral US Blockade of Cuba by traveling from the US to deliver humanitarian aid to the Cuban people, despite the US governments opposition. The Blockade causes shortages of food, medicine and other important supplies for over eleven million people in Cuba. It is an immoral policy that uses hunger and disease as political weapons.
