On Saturday, June 30th the U.S. customs seized humanitarian aid being brought across the Quebec/Maine border as part of the Pastors for Peace Caravan to Cuba. The items were all destined for maternity clinics and nursing homes in Cuba. This is one more example of the cruel U.S. blockade against Cuba which they have maintained for over 40 years.

Meanwhile, 5 Cuban men have been imprisoned in U.S. jails for 9 years for simply investigating U.S.-backed terrorist groups which continue to this day to attack Cuba.

On July 12th people from coast to coast will be taking to the streets to demand an end to all U.S. attacks on Cuba
