

# Join the 24th Pastors For Peace Friendship Caravan to Cuba

In July 2013, IFCO/Pastors for Peace is launching a challenge to the US blockade of Cuba with nearly 100 faith-based and social justice

activists from across the US, Canada and Mexico traveling to Cuba without the permission of the US government.

As part of the effort, organizers in more than 35 cities in the US, Canada and Mexico will participate in the 24th IFCO/PastorsforPeaceUS/Cuba Caravanweek of activities July 8-15th aimed at educating local constituencies about the devastating effects of the US blockade on Cuba.

Caravanistas will bring humanitarian aid and construction tools and supplies to help in the

reconstruction efforts in Santiago de Cuba, the eastern end of the island which was severely affected by Hurricane Sandy. This is the 24th IFCO/Pastors for Peace Cuba Caravan since

1992 and is a project of the Interreligious Foundation for Community Organization (IFCO), which has been working for racial, social, and economic justice since 1967.
